FREEDMEN'S BUREAU PRESERVATION PROJECT

This National Archives microfilm publication is part of a multiyear project to microfilm the field office records of the Bureau of Refugees, Freedmen, and Abandoned Lands (Freedmen's Bureau). The project was made possible by the United States Congress through The Freedmen's Bureau Records Preservation Act of 2000 (Public Law 106-444). When completed, all of the field records for the States of Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas, Virginia, and for the District of Columbia will be available on microfilm. For microfilm availability and description, view both the microfilm catalog *Black Studies: A Select Catalog of National Archives Microfilm Publications* and the National Archives microfilm locator on our web site at www.archives.gov.

INTRODUCTION

On the 133 rolls of this microfilm publication, M1904, are reproduced the records of the Kentucky headquarters for the Assistant Commissioner and his staff officers and the subordinate field offices of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865-1872. These records consist of bound volumes and unbound records, containing materials that include letters sent and received, monthly reports, registers of complaints, labor contracts, and other records relating to freedmen's claims and bounty payments. These records are part of the Records of the Bureau of Refugees, Freedmen, and Abandoned Lands, Record Group (RG) 105.

HISTORY AND ORGANIZATION

The Bureau of Refugees, Freedmen, and Abandoned Lands, also known as the Freedmen's Bureau, was established in the War Department by an act of Congress on March 3, 1865 (13 Stat. 507). The life of the Bureau was extended twice by acts of July 16, 1866 (14 Stat. 173), and July 6, 1868 (15 Stat. 83). The Bureau was responsible for the supervision and management of all matters relating to refugees and freedmen, and of lands abandoned or seized during the Civil War. In May 1865, President Andrew Johnson appointed Maj. Gen. Oliver Otis Howard as Commissioner of the Bureau, and Howard served in that position until June 30, 1872, when activities of the Bureau were terminated in accordance with an act of June 10, 1872 (17 Stat. 366). While a major part of the Bureau's early activities involved the supervision of abandoned and confiscated property, its mission was to provide relief and help freedmen become self-sufficient. Bureau officials issued rations and clothing, operated hospitals and refugee camps, and supervised labor contracts. In addition, the Bureau managed apprenticeship disputes and complaints, assisted benevolent societies in the establishment of schools, helped freedmen in legalizing marriages entered into during slavery, and provided transportation to refugees and freedmen who were attempting to reunite with their family or relocate to other parts of the country. The Bureau also helped black soldiers, sailors, and their heirs collect bounty claims, pensions, and back pay.

The act of March 3, 1865, authorized the appointment of Assistant Commissioners to aid the Commissioner in supervising the work of the Bureau in the former Confederate states, the border states, and the District of Columbia. While the work performed by Assistant Commissioners in each state was similar, the organizational structure of staff officers varied from state to state. At various times, the staff could consist of a superintendent of education, an assistant adjutant general, an assistant inspector general, a disbursing officer, a chief medical officer, a chief quartermaster, and a commissary of subsistence. Subordinate to these officers were the assistant superintendents, or subassistant commissioners as they later became known, who commanded the subdistricts.

The Assistant Commissioner corresponded extensively with both his superior in the

Washington Bureau headquarters and his subordinate officers in the subdistricts. Based upon reports submitted to him by the subassistant commissioners and other subordinate staff officers, he prepared reports that he sent to the Commissioner concerning Bureau activities in areas under his jurisdiction. The Assistant Commissioner also received letters from freedmen, local white citizens, state officials, and other non-Bureau personnel. These letters varied in nature from complaints to applications for jobs in the Bureau. Because the assistant adjutant general handled much of the mail for the Assistant Commissioner's office, it was often addressed to him instead of to the Assistant Commissioner.

In a circular issued by Commissioner Howard in July 1865, the Assistant Commissioners were instructed to designate one officer in each state to serve as "general Superintendents of Schools." These officials were to "take cognizance of all that is being done to educate refugees and freedmen, secure proper protection to schools and teachers, promote method and efficiency, correspond with the benevolent agencies which are supplying his field, and aid the Assistant Commissioner in making his required reports." In October 1865, a degree of centralized control was established over Bureau educational activities in the states when Rev. John W. Alvord was appointed Inspector of Finances and Schools. In January 1867, Alvord was divested of his financial responsibilities, and he was appointed General Superintendent of Education.

An act of Congress, approved July 25, 1868 (15 Stat. 193), ordered that the Commissioner of the Bureau "shall, on the first day of January next, cause the said bureau to be withdrawn from the several States within which said bureau has acted and its operation shall be discontinued." Consequently, in early 1869, with the exception of the superintendents of education and the claims agents, the Assistant Commissioners and their subordinate officers were withdrawn from the states.

For the next year and a half the Bureau continued to pursue its education work and to process claims. In the summer of 1870, the superintendents of education were withdrawn from the states, and the headquarters staff was greatly reduced. From that time until the Bureau was abolished by an act of Congress approved June 10, 1872 (17 Stat. 366), effective June 30, 1872, the Bureau's functions related almost exclusively to the disposition of claims. The Bureau's records and remaining functions were then transferred to the Freedmen's Branch in the office of the Adjutant General. The records of this branch are among the Bureau's files.

THE FREEDMEN'S BUREAU IN KENTUCKY

ORGANIZATION

From July 1865 until June 1866, Maj. Gen. C. B. Fisk served as Assistant Commissioner for both Kentucky and Tennessee. Fisk appointed Bvt. Brig. Gen. John Ely to serve as chief superintendent for the Bureau at Kentucky (from March to June 1866). Ely established his headquarters at Louisville, Kentucky, and divided

his operations into five subdistricts: Lexington, Louisville, Northwestern, Southern, and Central. Records relating to Kentucky created prior to Ely's tenure may be included among the files of the Assistant Commissioner for Tennessee.

In June 1866, Maj. Gen. Jeff C. Davis was appointed as the first Assistant Commissioner for Kentucky. Superintendents (or subassistant commissioners) employed under Davis were generally responsible for from 3 to 11 counties, and agents (civilian and military) from 1 to 3 counties. Agents received their orders directly from superintendents, and all superintendents were required to submit monthly reports of their activities to the Assistant Commissioner. Brig. Gen. Sidney Burbank succeeded Davis in March 1867 and was replaced by Maj. Benjamin Runkle, who served from January 1869 to May 1869 as Assistant Commissioner and superintendent of education. In August 1870, when superintendents of education were withdrawn from the states, Runkle served as claims agent for Kentucky until July 1871. H. H. Ray succeeded Runkle as claims agent, and served in this capacity until December 1871. P. J. Overley became the claims agent in January 1872 and remained in this position until the Bureau's operations in Kentucky were discontinued in April. The major subordinate field offices for the Bureau at Kentucky included those with headquarters at Bowling Green, Lebanon, Lexington, Louisville, and Paducah. For a list of known Kentucky subordinate field office personnel and their dates of service, see the Appendix.

ACTIVITIES

While the Freedmen's Bureau did not begin full operations in Kentucky until June 1866, its activities in the state generally resembled those conducted in other Southern states. The Bureau supervised labor contracts between planters and freedmen, administered justice, assisted freedmen in the establishment of schools, helped freedmen legalize marriages, and worked with black soldiers and their heirs in processing claims relating to military service.

The regulation of written labor agreements between planters and freedmen was a major concern of the Freedmen's Bureau. In a circular issued on July 24, 1865 (Circular Number 2), Assistant Commissioner Fisk told his subordinates that for both Kentucky and Tennessee freedmen must be free to choose their own employers and that wages were to be based on supply and demand rather than a fixed rate. Bureau officials were to negotiate and approve labor contracts and enforce violations by either party. Compulsory unpaid labor was strictly prohibited. In some areas of Kentucky, planters refused to enter into written agreements with freedmen, and freedmen themselves were reluctant to enter into annual agreements for fear of being reduced to slavery. However, with strong reservations, Bureau officers negotiated monthly agreements for them but encouraged freedmen to sign annual contracts that offered yearlong employment. Wages for monthly contracts ranged from \$8 to \$10 a month for adult male field hands, well below the state's average wage of \$15 a month for men. However by the summer of 1866, with the Bureau's insistence, adult laborers in the tobacco region of the state received \$25 per month and laborers in the farm belt areas earned \$12 per month. In some Kentucky counties, freedmen

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

received a third of the crops rather than wages. However, because of the shortage of laborers in the state, freedmen were able to demand higher wages, and thus over time the sharecropping system became less attractive.¹

The Bureau worked to protect the rights and legal status of freedmen, which, despite the ending of slavery by the 13th Amendment, were still endangered by the persistence of the old slave codes. On May 30, 1865, Commissioner Howard issued Circular Number 5, authorizing Assistant Commissioners to establish courts in states where the old codes existed and the right of blacks to testify against whites was prohibited. Gen. Fisk subsequently announced to the citizens of Kentucky that freedmen courts would operate in the state as long as freedmen weren't given the same rights as whites. By 1867, as a result of several Federal court rulings, Bureau courts ceased to operate in Kentucky. When state courts denied black testimony, the agency, under provisions of the Civil Rights Act of 1866, took cases involving freedmen to the U.S. District Court of Kentucky. In instances where freedmen lacked resources to pursue their cases in Federal court, the Bureau provided transportation for witnesses and other forms of assistance. Despite the Bureau's efforts to safeguard rights and secure justice for freedmen in Kentucky, admitting the testimony of blacks against whites still remained an issue in 1869 when Bureau Assistant Commissioners and their subordinates were withdrawn from the states. However, in January 1872, with a change in public opinion and pressure from the courts, the Kentucky State Legislature amended state law and allowed blacks to testify.

When Gen. John Ely began his duties as chief superintendent for Kentucky under Gen. Fisk's supervision, there were 30 freedmen schools and more than 2,000 students. The schools were organized and maintained by black churches, with black clergy as instructors. Freedmen schools faced widespread violence and white opposition, and in many cases, teachers and students were forced to abandon efforts to maintain school buildings. Ely and his subordinate assisted freedmen in reopening schools that had been forced to close.² Under Maj. Gen. Jeff C. Davis, who replaced Ely in the summer of 1866, the number of freedmen schools increased to 54, with some 67 teachers and more than 3,200 students. Excluding the schools established at Lexington and Covington under the auspices of the Cincinnati Branch of the Western Freedmen's Aid Society and the Cincinnati Branch of the American Missionary Association, the freedmen schools were taught by black teachers who were supported by subscriptions from parents and black religious institutions. The Bureau, however, rented the building for the school at Lexington. Under Brig. Gen. Sidney Burbank, who succeeded Davis in March 1867, the number of freedmen schools increased to 96, accommodating about 5,000 students aged 6-18. By

September 1868, in spite of continued violence and opposition, the Bureau had provided support for 135 day schools and 1 night school, serving more than 6,000 students.³

On February 14, 1866, the Kentucky State Legislature passed an act legalizing marriages freedmen had entered into during slavery and authorizing black ministers to solemnize such marriages. Nearly 2 weeks later, on February 26, 1866, Assistant Commissioner Fisk issued Circular Number 5, in accordance with the Kentucky law, directing those freedmen who sought to solemnize a marriage to the county clerk for a marriage license. If the county clerk refused to issue a license, Bureau officials in the subdistricts were authorized to solemnize marriages and issue marriage certificates. Local Bureau officers were required to maintain a register of freedmen marriages and forward a report of such marriages to the Assistant Commissioner at the end of each month. Subordinate Bureau officers were also told to notify persons living as man and wife who had not legalized their marriage, to report to the Bureau to take the necessary steps to do so. Persons who failed to comply were guilty of a misdemeanor and were to be punished by a fine and imprisonment.⁴ This microfilm publication reproduces marriage licenses, certificates, and registers of marriages for the Kentucky subdistricts at Augusta, Bowling Green, Columbus, Cynthiana, Owensboro, Paducah, Mt. Sterling, and Winchester. A single freedmen marriage license and a marriage certificate from Kentucky, filed in the Bureau's headquarters records, has been reproduced on roll 1 of National Archives Microfilm Publication M1875, *Marriage Records of the Office of the Commissioner, Washington Headquarters of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1861-1869*.

In addition to assisting freedmen in solemnizing slave marriages and efforts to sustain the black family, the Bureau helped discharged soldiers, sailors, marines, and their heirs in claims for back pay, bounty payments, and pensions. In accordance with a law passed by Congress on March 29, 1867 (15 Stat. 26), making the Bureau the sole agent for payment of claims relating to black veterans, Bureau disbursing officers assisted freedmen in the preparation and settlement of military claims. In November 1866, in spite of the difficulties in locating veterans who fled the state for fear of violence, Assistant Commissioner Davis reported that he had forwarded more than 260 black soldiers' claims for back pay and bounty payments to Commissioner Howard's office in Washington, DC. In the following year, Assistant Commissioner Burbank reported that his office had assisted nearly 500 veterans with military claims, and in the fall of 1868, for the year ending October 10, 1868, that more than 1,100 received bounty payments through his office.⁵

RECORDS DESCRIPTION

These records consist of volumes and unbound records. The volumes reproduced in this microfilm publication were originally arranged by type of record and thereunder by volume number. No numbers were assigned to series consisting of single volumes. Years later, all volumes were arbitrarily assigned numbers by the Adjutant General's Office (AGO) of the War Department after the records came into its custody. In this microfilm publication, AGO numbers are shown in parentheses to aid in identifying the volumes. The National Archives assigned the volume numbers that are not in parentheses. In some volumes, particularly in indexes and alphabetical headings of registers, there are blank numbered pages that have not been filmed.

The volumes consist of letters and endorsements sent and received, press copies of letters sent, registers of letters received, letters and orders received, registers of freedmen court cases, special orders and circulars issued, registers of claimants, registers of complaints, marriage certificates, and monthly reports forwarded to the Assistant Commissioner. The unbound documents consist of letters and orders received, unregistered letters and narrative reports received, special orders and circulars issued, and general orders and circulars received. The unbound records also contain monthly reports; labor contracts; marriage certificates, and records relating to claims.

Some of the volumes contain more than one type of record, reflecting a common recording practice of clerks and staff officers of that period. On roll 93, for example, the volume of contracts for the Columbus field office also contains a register of marriages. Some other examples of additional series within volumes can be found in records on rolls 106, 123, and 133. Researchers should read carefully the records descriptions and arrangements in the Table of Contents to make full use of these documents.

RELATED RECORDS

In the same record group, RG 105, and related to records of the Bureau's field offices for Kentucky, are those of the Bureau headquarters in Washington, DC, and previously microfilmed records of the Assistant Commissioner and the superintendent of education for Tennessee. These record series are available in the following National Archives microfilm publications:

Records in other National Archives record groups supplement those of the Assistant Commissioner. In Records of United States Army Continental Commands, 1821-1920, RG 393, are records of the military district that included Kentucky. Records relating to employment and welfare of freedmen and abandoned property before the establishment of the Bureau are among Records of Civil War Special Agencies of the Treasury Department, RG 366. The records of the Freedman's Savings and Trust Company, 1865-1874, in Records of the Office of the Comptroller of the Currency, RG 101, contain information relating to former slaves who maintained accounts with bank branches in Kentucky.

-------------	---------------------

Registers of Letters Received

The twelve volumes of registers of letters received are dated March 1866–April 1872 (1–12). Entries in the first nine registers, March 1866–February 1870, are arranged alphabetically by initial letter of the surname of the correspondent and thereunder chronologically. However, each register does not contain all alphabetical divisions. For example, the “As” are in volumes (1), (3), and (9) only, and the “Gs” are in volumes (1), (2), (3), (6), and (9) only. The volume listings below show the initial letters of surnames included in each volume. The entries within each alphabetical division are numbered with a separate numerical sequence for each year, but don’t always span the time period listed below.

The last three registers, January 1870–April 1872, are arranged by time period. The entries in volumes 10 and 11 are arranged alphabetically by initial letter of the surname of the correspondent and thereunder in chronological order and numbered. The entries in volume 12, July 1871–April 1872, are arranged in chronological order and numbered with a separate numerical sequence for each year. The name index to volume 12 is volume (13) above. The letters received relating to the registers, March 1866–February 1872, are listed below.

is required as to whether the

I have the honor to inform you that the 2nd Auditor of the Treasury has decided that in all cases where fathers (who have been slaves) make claim for arrears of pay or bounty due their deceased sons, Evidence is required, showing whether the father and mother were slaves of the same master, and lived upon the same plantation. If they lived upon different plantations, and were slaves of different masters, a claim in favor of the father will in no case be allowed, and should be made out in favor of the mother. If they lived upon the same plantation, and were slaves of the same master the fathers

CLAIM will be allowed. This decision is based on the fact that when husband and wife lived on different plantations, and were owned by separate masters, the children went with the mother, who had the entire care and support of them, and the father cannot be regarded as having borne any of the responsibilities or assumed any of the duties of a parent.

Please notify such officers as forward claims to this office of the foregoing rule.

I have the honor to return
you your "Return of Receipts & Expenditures"
for this month for correction; You have
Entered Total Received \$11.⁰⁰ and in the

for August thereby leaving a balance
in your hands of \$1.⁰⁰. I find upon
Examination you have forwarded
Vouchers in favor of H & J Stanwood
for \$10 - Rent for August. If you
have Expended \$10 - for Rent this
month as your Report which I return
shows then it was not necessary to
forward Vouchers for the same, for
the reason that were they forwarded
Gene Elz for payment and he
returns a check for the amount

Mr Stanwood would be receiving double
pay - I will forward the Vouchers
and you will make a new Report and
send to the Head Qrs corrected, showing
\$11⁰⁰ on hand instead of \$1⁰⁰. In future
never forward Vouchers for the same
thing you expend on your Reports - If
it has never been paid then it has not
been expended - Vouchers for Rent
must always be transmitted for payment.

I also call your attention to the fact
that no Report "Over A 5000 Lands"

Colored,

In returning the accompanying papers relating to W. R. Taylor of Danville, I take the liberty to inquire what is considered as evidence of Loyalty? Many men in Kentucky, have remained at home during the rebellion, and have not personally engaged in the war, although their sympathies have been with those who rebelled; others were loyal up to the time slaves were freed, who since then, are extremely bitter. Although I should not consider them loyal, I would not wish to judge too harshly, and respectfully request instructions to enable me to answer questions correctly.

NARA 131

I am enabled to answer regarding W. R. Taylor
because he is universally respected as one of
the strictly loyal men of this nation.

BUREAU REFUGEES, FREEDMEN AND ABANDONED LANDS,
HEAD QUARTERS FIRST DISTRICT, (Lexington Sub-District.)

Danville, Ky., October 29th 1866,

Brvt Col. R. C. Johnston
Chief Supt. des. Sub. Dist. Ky.
Colonel,

In the case herewith returned, I have the honor to submit the following report:
Mrs. William Figg, husband of Mrs. E. P. Figg came to my office, and asked to have a Colored Cephus child bound to him. I made such inquiries as I considered necessary, and learned that he was not a proper person to have charge of a child, and ^{therefore} have refused his request; but before I informed him of my decision, Lacey Sneed, one of the most respectable Freedmen of Danville applied to me for authority to get his daughter from William Figg. I learned that this was the child mentioned to me by Figg, and claimed as an orphan. Sneed claims that he wants her particularly because the family were teaching her to read. I then directed Figg to deliver the girl over to his father, but Mrs. Figg had succeeded in hiding her. I then placed the case in the hands of Thos. P. Spring

NARR 167
Police Judge of this town, who directed me officer
to get the girl, and deliver her to her father.
I think Mrs. Figg has so far succeeded, in
keeping the child from the officers.

Judge Spry informed me on the 26th inst,
that had received a letter from Mrs. Figg, in
which she proposed to find the child, provided
he would guarantee, that she should be bound
to her, until of age; or that the Judge should
pay her one hundred dollars. The Judge declined
her proposals, and says, his officers can and
shall find the girl.

I questioned neighbors of Mrs. Figg's,
and they confirmed the report of Mary Smead,
that the girl was undoubtedly sent to their
gardens to steal such vegetables as were desired
by Figg's family. From the general reputation
of these parties, I cannot consider the Figg family
entitled to belief. I believe that the child should
be delivered to her father who is able
and willing to educate and care for her.

Very Respectfully

I have the honor to inquire whether I shall visit Pulaski Co. to investigate the loyalty of parties presenting claim as Soldiers. Surplus his. as to investigate "as to the justice of the claim." I presume that is the intention; but do not wish to make the journey, unless authorized.

I know of no one to whom to refer in such a particular case as the above, without going and examining in person. Loyalty is often well known throughout this section; but "justice of claims," needs something more, than mere casual knowledge of persons.

I have the honor to forward herewith a form of affidavit that can be made in collecting the claims of Mary Warren, and to ask if it will meet the requirements of the Pension Bureau.

So far as marriages among Freedmen are concerned, there are very few who have ever been married, and they don't know the states; they merely live together and have children for the purpose of enriching their owners. I have followed the form forwarded by you, so far as practicable, and then made a plain statement of facts.

The exact ages of the children are unknown, but I placed dates for the purpose of giving some data for stopping payment, believing that to be just, and using the best information to be obtained.

If such affidavits will be correct, I can
forward cases, without the expense of so
many visits to the Clerk's office.

In response to your letter of
inquiry I have the honor to say - That
B W Eldon and James Robinson have been
in the past and are now loyal -

Mr Green has been regarded by his
neighbors as a Southern Sympathizer
and his votes indicate that such were
his political sentiments - I have never
heard it charged that he gave any perso-
nal or pecuniary aid to the rebellion - Nor
do I suppose that he did -

I have stated Mr Green's position in this
way because I do not know the precise
definition given by the department to the
words "loyal" & "disloyal" - The other two
will stand any test -

Dear Major.

We have adopted a new way in sending out checks. It will save both you & I a great deal of work.

Send the checks to the parties for whom they are intended & procure their receipts (See form in Pencil) This is all the receipt which is necessary.

After procuring the receipts of all the parties, put them all in the same letter I send them in and return them to this office by the form of Endorsement on the back of the letter in Pencil.

It is not necessary to have yours or Mr Landrum's receipt on any of the letters enclosing the

Checks except on checks belonging to you -

Be careful & file the letter I send them to you in away untill you receive all the receipts back in your office & then return them to me in it as I have advised you -

I think you will find that this way will save us all a good deal of trouble.

Dear Sir

As I am called
on very often to certify to the
loyalty of Claimants, I respectfully
ask your construction of what
it takes to constitute loyalty.
You know we have now in
this state three political parties
I hold that only those who are
allied with the great National
Union ^{party} are loyal. Many of those
who now belong to the third
party once claimed to be loyal
and as I am to be the judge
in many cases, I ask you for
some instructions in determining
the loyalty of men. And should
very much ^{like} to work in harmony ^{with}

those in whose hands the
interest of the government in
many respects is placed.
Your views in this particular
at an early date will greatly
oblige

I write for
some information concerning
the free school at this place.

Mr. Robert Grosley (Colored) says
that he has full power to estab-
lish a free school of this place.
And that you have given
him full control of the school.

Now I wish to say that I
have ^{been} teaching a short time
here and have 35 scholars,
about eight of whom can read
the balance are spelling.

The condition of the colored
people is very bad here, and
I have at considerable expense
procured a house and established
my school. Now inasmuch as

NARA 432
I have already begun and
the place will not afford
but one school, I do not want
to be turned out by any
unfair means. If Crosby
has power to establish a free
school here, could not that
and my school be merged
into one and the same, and
allow me to retain my place
as principle of the school.
Crosby is not qualified to
teach ~~himself~~ and if I am
turned off no competent
teacher can be had here.

There will be no use of sending
off for teachers if I am allowed
to continue. My school is
established, and I think I have
the confidence of the people.
Please answer me and give
me such information as

as may be necessary. By
so doing you will greatly
oblige me.

West Virginia Kentucky

Dear Sir

3^d May, 1867

Your favor of the 20th April was
for many days delayed before coming to hand.
which was replied to. Soon as arrived. I was reply
in full viz,

No of free Black males in this county ^{over 21 years} 45

" " " " Children between the
age of 6 years & 21 64

" of Blind none

" of Lunatics none but what is able
to work and support themselves.

" Deaf & Dumb none

Betty Smith colored and aged about 90 years
unable to support herself by labor.

Isaac, none

Mollie Adams aged about 90 years

Lidia Eastly very old and unable to labor

Our county court made an allowance
of fifty dollars to each of the three latter
Colored free women at Act Term 1866. but
I see no way by which it can be paid. as
such claims are to be paid from Taxes to
be made out of the Blacks.

Patience Ramsey an aged colored woman

near 90 years. unable to labor for a living.

The last 4 named if there is any way provided
they ought to have assistance. the Blacks
in this county seem indignant and

provide generally tolerably well for them selves.

The people seem willing to give them employment
and pay them for their labor. the foregoing

is all the information I can give you

upon the subject. I shall be pleased to

See you at any time.

Shortly
after I parted with you yesterday evening. I
received reliable information from two
sources. one white and the other colored
that Lynch's men visited this County night
before last and committed depredations
within 4 miles of this town. by shooting
one colored man (Delix Bruce) through the thigh. and
hanging another old man. (name not known)
and cruelly whipping two other colored
men.

From what I can learn the mob was
in considerable force. 3 hand cars was
loaded with them on the Rail road. one
of which came into this town, between
1 and 2 o'clock A. M. and in addition

to that force. There was a company of about 20 on horse back, the latter company committed the depredations on the colored men.

Now as it is certainly known that there is an organized band in considerable force of midnight assassins, both East & West of this place and as I have reasons for believing that the house in which you stopped on yesterday is their H.Q. I feel it due to me and to the Freed men that the Government ~~should~~ afford military protection. And my impression is that a company of mounted men would be more efficient than Infantry, as they could go from point to point and execute warrants for the arrests of these murderers.

As matters now stand it would avail nothing for me to issue warrants for their arrest, as I understand I have the right to do and then sit as an examining Court, hear evidence, and either acquit or send on for further trial.

MARK 436
I regret exceedingly that I feel com-
pelled to trouble you with matters of this
description, and as I am no alarmist
nothing but a sense of duty prompts
me to it.

Very Respectfully
Your Obedt Servt

I have the honor, to transmit herewith, affidavits of Mahala and Mary Wait. (Colored women of Danville.) in relation to a case that occurred on the 11th day of June. Agreeable to instructions, I referred the case to the Civil authorities, and Thomas P. Young, Police Judge, of this town, after a partial hearing dismissed the case.

This took place during my temporary absence from Danville. When I was making a journey to Puttick's Co. When I returned and learned of the case, General Remkle was here, and advised that I obtain a transcript of the proceedings of the Court, and report the whole case to your office. I enclose a copy of the record, made this day.

This is the first case that has appeared to

require attention in this way, and the first
arriving between White and Freedom in the

Sir,

I have the honor to enclose herewith an Order for an Artificial Leg for John Boughman, late a Private of Co. M., 1st Regt. U.S. Col. Cav., a request on the Quartermaster Department for transportation to Washington City, D. C. and return, and his Pension Certificate. It is better for the man to go to Washington and be fitted for the limb by the manufacturer for limbs made by measurement - taken by other parties are frequently ill-fitting and consequently of little service.

In the Application of Boughman the day of the month in which he was wounded is omitted, ordinarily this is of little moment, but in this case the man was wounded in the same month in which he enlisted and in order to prevent the possibility of a question arising in regard there

to I have to request that you will inform me
of the day of the month upon which he was
wounded.

Please acknowledge the receipt of the enclosed
papers.

Your favor of the 2nd Inst is duly received, and contents reported, I am able to inform you that Carroll Humber served in the 6th Ky Rebel Cavalry (Col Gano) under command of John Morgan, James G Collins served in the 6th Ky Rebel, George Hays served in Capt Shanks Company, Morgans Regt. It is denied by some that Sanders, & Tucker were ever properly in the Rebel Army and if such is the fact, what services they rendered must have been as Guerrillas.

I have an impression that if those three are guilty of a military offense, all who participated with them in such violation are Particeps Criminis and equally culpable with the others.

Major Genl. :

By reference to the Record
Letter Book, Vol. 2, of your Office, you will see, a Letter,
application was made by me about the 10th Dec. 1867.
to the Hon. Sec. for authority to erect School Buildings in your
District
in which to establish Schools, as follows:

At <u>Mulkey's Settlement</u> , near Salvisa.	Building \$ 15	of Mo. from	1 Dec. 67.
" <u>Orab Orchard</u> .	" " 15	" "	1 Jan. 68

I fear this application has been mislaid, as
upon enquiring at the Sub. Genl's Office in Louisville I was
informed it had never been received. I organized
the Mulkey's School on the 1st Dec. 1867, and promised it
assistance from that date which explains my anxiety
for the success of this paper. The Orab Orchard School
was not established on 1st Jan. 68, because I was relieved
from duty on the 23rd Dec. 1867.

now in my hands of \$1000 & auditor of the

a question with me whether any more security
will be allowed the man receiving \$100 as his
discharge at all events I am very doubtful
that a long time will intervene before any
settlement will be made in view of the heavy
business in that department. I should suppose
over a year.

Capt, Notwithstanding
the notice I have recd. some few days since
which passed through your office of my
discharge as agent Beauman R. F. & A. Sands
to take effect on the 18th Inst. as your friend.
I proceed to answer your interrogatories as best
I can.

1st There are three teachers all Colored (Viz)
1st Mary Teland teaches a school at
Stanford 2nd Ellen Hickman three miles
North of Stanford P.O. Stanford, 3rd Isaac
Mc Gill Milledgeville Lincoln Co Ky
The School house at Stanford has two rooms
24 + 29 feet and one small room 14 feet
square with a cellar suitable for the
Storage of fuel & owned by Geo. S.
Murphy and rented to Freedmen

for \$100. or per annum the house
used by Ellen Hickman is owned
by Patrick Hickmans Heirs Ellen being
one of them the house used by Isaac
Mc Gill at Milledgeville has two rooms
I think 14 feet square and is rented ~~by~~
him for the sum of \$6 or per month the
no attending at Stanford as reported by
the teacher is 60 scholars the no attending
Ellen Hickmans School is reported to be 18
and the no at Milledgeville is reported
to be 44.

I am not able to say what amount will
be raised by freedmen in either of the
Districts but as they are nearly all poor
they will need all the help that can be
reasonably ^{be} expected from the Government
There is but one school house belonging to
freedmen either in Lincoln or Rockcastle
counties and that one is near Halls Gap
in Lincoln Co. and has been twice burned
down and attempt has been made to
burn it the 3rd time and of course a
school cannot be taught at that place

with safety to the freedmen and since
Genl Howard's Circular was published
and the people got to understand it
dispensing with the Bureau R. F. D. A. S. and
~~the~~ in Ky. the school in Sturgis has
repeatedly been interrupted and complaints
since I have considered myself out of office
have been made to me by freedmen of
such interruptions.

I do not think that night schools are
needed at this time for adults nor
do I believe that it would be safe
for either pupils or teacher anywhere
in this vicinity to make the attempt
to carry them on all of which is respectfully
reported

Recd Jan 29 1868

Capt. Martin Norton
Danville Kentucky Captain

In reply to your inquiry of the 17th inst.
I have to state.

- 1st. Whole No of Teachers. 2. Colored
- 2nd Andrew Chrisman & Wesley Gorer. P.O. Address. Somerset Ky.
- 3rd. No of School houses for Freedmen in this vicinity 3. Two have a capacity of from 90 to 100 pupils each. and are about 60. One in Somerset is owned by C. Wait. It is a room in a block of building formerly used as a Masonic Lodge. Its value separate from the building can hardly be estimated. It is a large and commodious room. One is situated some two mile south of town and is owned by John Smith. The third is about 7 mile south west of Somerset and owned by the heirs of Joseph Williams deceased. ~~These~~ These two last are ordinary frame buildings. probably worth about 300. each.
- 4th. A school for freedmen is much needed in what is termed the Ruggold District about four miles north of Somerset. and also a large school could be readily organized. near Pigeon Church. about six miles south of Somerset on the Monticello road. These places are now destitute of schools.
- 5th. It is probable that from 25 to 40 pupils would attend each of these schools.

NARA 590
6th. It is estimated that about 750 could be raised by the Freedmen for school purposes in each of these districts.

7th. The only efforts made to sustain schools here are those of the Beaman which you represent, and the efforts of parents and pupils. Nothing has been done by the state for nor any school board.

8th. No more school houses are needed in this vicinity for freedmen

9th. I think that two night schools could be maintained here they are much needed. as there seems to be a general desire on the part of most freedmen to learn to read and write. One great difficulty is in securing competent teachers. It is not possible to state with certainty how they could be carried on. but probably by subscriptions of the pupils to a great extent.

10th. There are two day schools and one sabbath school in this vicinity

11th. One day school & the sabbath school are located at Somerset. the other day school is nearly two miles north on the Wayne Co Road.

I am Sir.

Freedmen would do what they can

I think about \$50 per Annum could be
raised by the Freedmen to sustain each

We can not expect but little if any
aid from the State to aid these Freedmen
schools.

At present about 5 additional school
houses are much needed.

I do not think night schools for
adults advisable at this time
with the Public mind as at present. It
may do after a time but not now

The school at Petersburg is doing well

I think it particularly unfortunate
if the Bureau should withdraw its
aid at this time. The schools
now in existence are doing well
& much good will be the result in
enlightening their dark minds & many
now going to school will soon be
able to take part as teachers &
if sustained for a while they will
soon be self sustaining.

I think the monthly pay of Sally

The Teacher at Meaney was sent there by the
Bureau & should be paid nothing yet rec'd
from that source.

I have the honor to report the operations of the Bureau in this Sub District during the month of April 1868 as follows.

General condition of the Freedmen

Since the commencement of the farming season the freedmen have gone to work on the farms and those living in and near town appear to be engaged in work of one kind or another. A vast difference is to be seen now in the crowds of idlers about town compared with a month or six weeks ago. The farming season materially affects the number of children in attendance at the different schools and the difference in the aggregate of the reports of April and March is caused by the parents of the children hiring those large enough to work, out to the farmers.

With the exception of a few families, widows and children who are sick and helpless, the freedmen appear to be doing well.

Outrages

No outrages have been reported during the month.

Schools.

Thos. Burdett, the Teacher at Middleburg reports the reopening of his school April 6th 1868. with fifteen scholars. All the

General

I have the honor to report for your information the following statement relative to the dropping from my Dr: 2. the building hired from W. A. Hogar, and taking up one hired from Richard White, in the month of April 1888.

I relieved Richard White from charge of the school at Campbellsville for incompetency, the scholars actually having learned all that he was able to teach them. The school that Lizzie Hagle was in charge of was very small, some 13 or 14 pupils, and the scholars all new beginners, so I deemed it prudent to make this change, as I was confident that Lizzie Hagle was thoroughly competent to manage the school at Campbellsville besides being a woman of considerable ability and energy.

The buildings are the same; the price paid the same; - The vouchers have been changed so as to correspond with the change of teachers. Lizzie Hagle now receiving \$20.00 - the amt paid last month to Richard White and Richard White receiving \$15.00 the amount paid Lizzie Hagle last month.

W. A. Hogar has nothing whatever to do with the vouchers or the buildings. Richard White will do very well for the school that Lizzie Hagle had near Letchum.

In regard to my "Personal Report" returned to me I would respectfully mention that the report was made out in

accordance with the circular (No. 4) from Genl Burbank's
Office, dated March 19th 1888. - to which my attention has been
called

The report of Thomas Burdett, at Middlebury, had not been
received when my Report was made, nor had any notice
whatsoever from any source been received at this Office that the
school at Middlebury had re-opened

I did not mention anything about clothing from the fact
that I could not understand nor make out what was required
from your endorsement. I respectfully return the letter with

General

I have the honor to report for your information that a new school for freedmen has been opened under charge of the Catholic Priest at this place.

Rev. Father Schat has built a school house for the freedmen, adjoining the Catholic Church in this town. He called on me to know if the Bureau would assist him as he has had great opposition from the white portion of his congregation, and has to depend entirely upon the contributions of the freedmen for its support and in paying off the debt on the building, and he states that he has raised all the means that the freedmen can possibly spare at present.

Father Schat needs \$150.00 to liquidate the remaining debt on the school house, and desired me to make this request of the Bureau and also that the Bureau would pay the Teacher. -

The school will be reported on my reports and will be under my supervision as long as the Bureau remains in operation in the State.

I would respectfully request that the assistance asked for by this Rev.^d gentleman be furnished him as there is no such word as fail with him in anything that he undertakes. He is working faithfully

May ²⁵ / 86 8.

2^d A. D. Danville D 14.

2nd Sub Dist Danville District
Letamun Ky May 25th 1888.

General

I have the honor to submit the following report of the operations of the Bureau in the 2nd Sub District during the past month:-

General condition of the Freedmen.

The Freedmen as a general thing are all at work, and appear to be getting along very well; those who are not working their own gardens are engaged at work on the farms in the surrounding country.

If the existing hostility against the Freedmen could be overcome, and an assurance of protection from the State authorities be given them they would soon be able to sustain themselves, and the poverty and wretchedness that now exists among them, would soon be changed to comparative abundance and happiness. The poor and ignorant class of Whites, will not permit a negro to prosper, and outside the limits of the Town, no negro can live, for they have frequently made the attempt but would scarcely get located in their little cabins before bands of restless young men visit them, burning their cabins, whipping and running

them off. If the laws of the State would protect the negro this state of affairs would soon cease but until some such protection is guaranteed them they will be forced to live in poverty and wretchedness.

The impression among the whites is that the negro ought not to own anything, that they should only work for white men, and the idea of his owning a horse, horse cow and a few hogs, is perfectly outrageous. Let the Freedmen be assured of protection and they will soon be prosperous, happy and content.

As it is they have no encouragement; no kind words given them, and their former masters as a general thing don't care for them and in consequence they fare worse than brutes.

Outrages

Harry Lewis, near Raywick, made complaint last week that he was shot at five times and chased away from his farm where he has been hard at work since last December. He contracted with a white man named Heeler to work 125 acres on shares, the to furnish one half of all the necessary implements or to plant the 125 acres, and the crop to be divided equally. After breaking some 80 odd acres, and planting some 30 acres in corn and 15 in oats, some young men living in the Town of Raywick

accused Harry Lewis of insulting a lady in Town. They entered his house with their pistols drawn and told him to go with them and take a beating - or they would shoot him - he denied insulting the lady &c. - During the party Harry Lewis dodged out the house, jumped the fence and ran; they followed him quickly and just as he jumped the fence they began firing at him, shooting five shots at him - They threaten to hang him or kill him if he comes back there. A warrant has been issued for the arrest of the parties but there is no one here to serve it. The negro is afraid to go back and in consequence loses all his work &c.

This is the only outrage reported this month. I hear of numerous outrages but the poor Freedmen are afraid to report them.

Schools.

The Schools are in a very flourishing condition; the children are improving very rapidly. The Teacher of the school at Greensburg is desirous of knowing whether they will be permitted to run their school during the summer, as they are anxious to take advantage of the short time that the Bureau is to last so as to be under its protection. They are well aware that when they lose the protection afforded by the Bureau that their schools will be interrupted.

and broken up

The military Bureau Officers being shorn of all power to make arrests and the Civil power being a perfect farce as far as protecting the negro is concerned, I am unable to make any suggestions to correct the evils and abuses reported

General

I have the honor to submit the following
report of the operations of the Bureau in this Sub
District for the month of June 1868.

General Condition of the Freedmen

The Freedmen are doing very well, all appear to be
at work cultivating gardens and working on the
neighboring farms on shares. The crops are all
looking fine, and there is every prospect of an
abundant yield. Should the farming season
continue favorable until the crops are secured
the Freedmen will have plenty to live on during
the coming winter and they will fare better than
they have done for several years back.

Outrages.

Napoleon Tyler (colored) living near the Town of
Ray has made complaint against one, Meredith
Cartier. He charges him with horsewhipping himself

and wife without any just cause.
His Affidavit has been taken and the U. S. Com-
missioner has issued his warrant for further
No other Outrages have been reported.

Schools
The School term closing on the 30th inst the
different teachers have all notified me of their
intention of visiting their homes during the
vacation. The new school at Letammet, started
Jan 1st will continue until otherwise instructed

I am General

Very respectfully
